

## Ergonomic packaging due to individual adjustment possibilities

Adaptations to the employee can be realised in seconds

### The benefits

- Rapid height adjustment for ergonomic packing operations
- Maximum efficiency enhancement through individually adjustable components
- Height-adjustable side table for optimal printer operation
- Integrated scales shelf

Made in Germany by  
**KRIEG**

**10** years warranty

Ergonomic height adjustable side table

Electrical height adjustment from 722 - 1,122 mm

# Ergonomic packaging workplace MULTIPLAN

The PACKPLAN system was integrated into the MULTIPLAN work table system.

The MULTIPLAN packaging workstation ensures more ergonomics during packaging. With the help of an side table, components such as a scale or a label printer can be ergonomically integrated into the workstation. The table can be adjusted in height

independently of the packing table, thus ensuring optimum adaptation to the employee. The integrated scales and ergonomically positioned printer, shipping papers can be easily removed and the material can be processed quickly.

## Ergonomic packaging workplace

Healthy working with an ergonomic height-adjustable side table for e.g. a printer or a scale

Further information:

**Filling machine**  
For optimal protection in Shipping. Environmentally friendly with Paper.

Work surface with embedded scale

Electrical height adjustment from 722 - 1,122 mm

Waste bin

Depth-adjustable shelves for e.g. storage bins

Depth, height and angle-adjustable shelves for the provision of further materials

Printer

**Control panel for electric height adjustment**  
With memory function for 4 pre-set working heights and digital display screen for an exact height.

### Ergonomic side table

With the height-adjustable side table, ergonomically incorrect postures can be compensated, caused by the incorrect placement of a printer or scale.

- Quick compensation of height differences from 442 to 722 mm (top edge of table)
- Enables an ergonomic posture at the workplace

### Technical specifications:

**Platform:** 500 x 800 mm (w x h)  
**Height adjustment:** 280 mm  
**Load capacity:** 20 kg

### Technical specifications:

**Width:** approx. 2,400 mm  
**Depth:** approx. 800 mm  
**Total height:** approx. 2,200 mm + 400 mm Height adjustment  
**Electrical height adjustment:** 722 - 1,122 mm  
**Load capacity:** 600 kg  
excl. tare and attachment weight and only with even weight distribution.

### The benefits at a glance

- Height-adjustable side table for providing of printer or scale
- Enhancement of effectiveness and productivity levels due to custom-adapted components
- Integrated scale for fast onward processing
- Packaging machine directly integrated on the table

## WE ARE MANUFACTURER

WHY NOT BENEFIT FROM OUR SPECIALIST KNOWLEDGE?

- + LARGE PRODUCTION SELECTION
- + MADE IN GERMANY
- + 10 YEAR MANUFACTURER'S WARRANTY
- + INDIVIDUAL CUSTOM-MADE SOLUTIONS
