warranty

Ergonomic tablet holder

With integrated scanner holder and
optional label holder

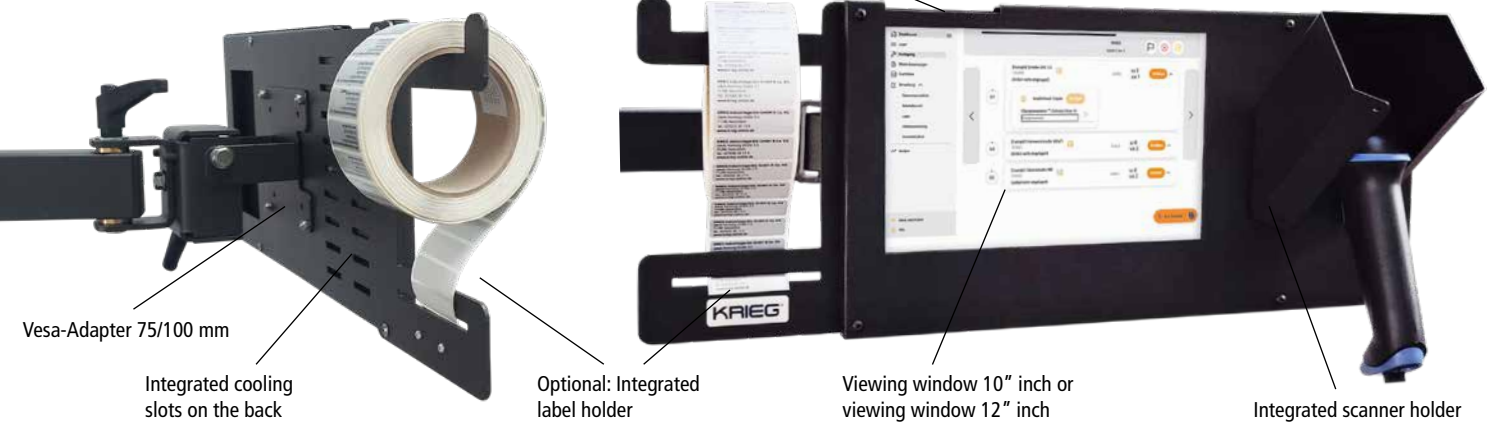

Ergonomic TABLET HOLDER

The ergonomic tablet holder from KRIEG WORKFLEX is the optimal partner for order picking with digital end devices. Whether picking trolleys, pallet trucks or fork lifts, depending on the mounting option, the tablet holder can provide better accessibility thanks to its articulated arm. A sturdy enclosure protects the tablet from knocks and

vibrations, but still leaves enough space for the operation and power supply of the tablet. With its integrated label and scanner holder, it ensures that logistics processes run smoothly.

Ergonomic tablet holder

With integrated scanner holder and optional label holder

The benefits

Suitable for many areas of application: forklift, pallet trucks, picking trolleys, packaging workplaces etc.

- Robust enclosure of the tablet
- Suitable for all standard mounts thanks to Vesa attachment
- Optimal solution for order picking and incoming goods inspection

Complete enclosure

This tablet holder is characterized by the fact that the tablet is inside a closed enclosure. The complete and padded enclosure of the tablet makes it more robust for use.

- Side rear opening for power supply
- Double-jointed arm with locks
- Additional joint on the tablet holder for the vertical tilt
- Tablet is more stable and robust in use
- Protection against dirt
